Prospectus Summary, page 1

5. We note your disclosure on page 2 that the U.S. government awarded you contracts for “potential funding of over \$100 million” for the development of your antibiotic compounds. We also note your disclosure that you may receive up to \$67 million in funding under the BARDA contract and \$36 million under your NIAID contract. However, based upon your disclosures on page 100, it appears that you are only entitled to receive funding of approximately \$39.8 million, \$13.3 million and \$980,000 pursuant to the BARDA contract, NIAID Grant, and NIAID Contract under the related CUBRC subcontracts. Please revise your disclosure here and throughout the prospectus as necessary to accurately state the actual potential funding available under your contacts instead of the overall amounts awarded.
